Share a memorable experience that reaffirmed your faith or your vocation. What advice would you give someone considering a religious vocation?

The most memorable and rewarding experience for me in my sixty years of ministry has been witnessing the growth of individuals I have mentored to become professional leaders in health care. Throughout the years I have had many opportunities to enrich my life in striving to live as a religious in the Congregation of Franciscan Sisters of Christian Charity. One opportunity was a Pilgrimage to Rome and Assisi which has left me with many memories and has enriched my life. I am grateful for the members of the sisters celebrating with me today, all Congregation members, colleagues, family, and the many individuals that have touched my life.
